Designed to meet the needs of small office and satellite locations **PS Mailers** releases the **LMQ III** Pressure Seal System. The **LMQ III** is an out of the box solution providing for a quick setup, quiet operation, and offers user friendly controls returning the simplicity to mail processing. Capable of processing up to 7,000 forms per hour, the **LMQ III** incorporates bottom feed technology for continuous throughput increasing your organizations productivity, while reducing operational costs. This remarkable unit offers five standard fold patterns (Z, EZ, C, EC, and V), custom folds, and forms up to 17" in length including 14" return envelope applications. The **LMQ III's** innovative design offers an affordable desktop solution that seals as it folds pressure seal documents turning your document flow into a fluid process.

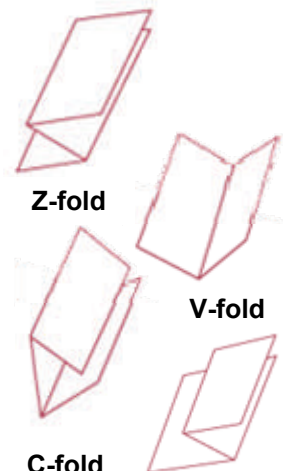

The **LMQ III** features an integrated conveyor output system helping to move your forms in a seamless paper stream, while maintaining the processing order. It's unique hinging ability allows for easy storage, making this space saving unit user friendly in any organization.

The **LMQ III** is completely manufactured in the United States and its durability is
