

PRESSURE SEAL EQUIPMENT: Vertical Stacker

Standard Features:

- Vertically Stands the Form for Increased Capacity
- Desktop Model for Space Savings
- Attaches to PSMailers Pressure Seal Solutions with an integrated Conveyor
- Low Maintenance, Quiet
- 11" & 14" Forms

Benefits:

- Improve Productivity
- Simplicity of Design
- Easy to Learn & Operate
- Compact & Durable

PSMailers introduces the newest members of the product line with the release of the Conveyor/Stacker System.

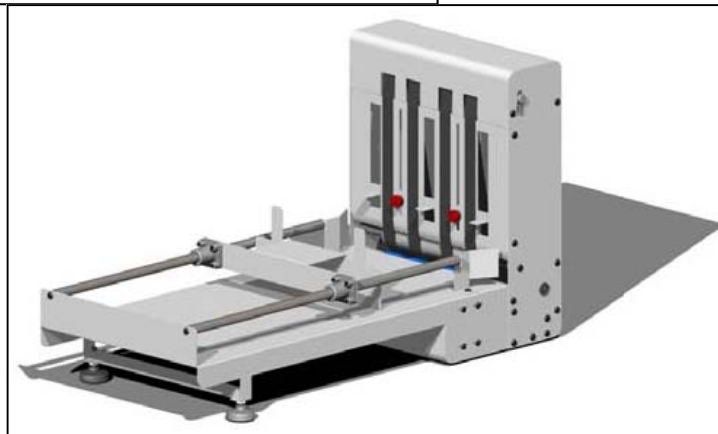

Designed for increased production capacity and available in two models, the Conveyor/Stacker system offers an out of the box solution for an immediate return on investment.

Simply attach to the existing conveyor and the unit vertically stands the forms and stacks them horizontally for increased capacity of up to 1,200 or 3,000 documents.

The PSMailers Conveyor/Stacker is completely manufactured in the United States and its durability is unmatched in the industry.
