The *PS Mailers 5K* Pressure Seal System is an integrated folder/sealer with a processing throughput of up to 7,000 forms per hour. By leveraging patented pressure seal technology, the *PS Mailers 5K* provides for a quieter operating unit with a tighter seal to protect the integrity of your document processing. The *PS Mailers 5K*, offers six fold patterns that can process forms up to 14" in length and its adjustment free settings allow for on the fly paper thickness changes. The Direct Current (DC) motor provides the torque needed to accomplish this paper variation and also allows for unlimited duty cycles. The *PS Mailers 5K* also incorporates a bottom feed technology providing for continuous throughput increasing your organizations productivity, while reducing operational costs. The integrated conveyor output system helps move your forms in a seamless paper stream, while maintaining the processing order. We have designed the *PS Mailers 5K* with a convenient and easy to use 6-digit, resettable, batch-capable counter, making this space saving unit user-friendly in any organization. The *PS Mailers 5K* is completely manufactured in the United States and its durability is unmatched in the industry.
