

## PRESSURE SEAL EQUIPMENT: *PS Mailers ICS*

### Standard Features:

- Integrated Cards up to 20 mil
- Integrated Magnet processing
- Patented Pressure Seal Technology
- Bottom Feed System
- Conveyor Output
- True Double Detection
- Manual & Batch Mode Touch Screen Counter
- Stainless Steel Rolls
- Jog Reverse
- Variable Sheet Size

### Benefits:

- Secure Document Processing
- Reduce Costly Reruns
- Improved Productivity
- Simplicity of Design
- Easy to Learn & Operate
- Compact and Durable without Compromising Throughput.

Introducing the **PS Mailers ICS**<sup>TM</sup>. The **ICS** is the first pressure seal unit on the market capable of processing ntegrated/affixed cards up to 20 mil and magnets up to 8 mil in a pressure seal document. Load the feed table and process without impacting the affixed media, the document presentation, or form seal. Folding and sealing up to 8,000 forms per hour the **ICS** includes Manual/Batch count selections, True Double Detection, an integrated 36" conveyor, and automatic shutoff. We've also simplified maintenance with our patented cleaning system that gathers excess toner, paper dust, and glue. Bottom feed technology allows the user to add documents during processing increasing throughput and improving productivity, while reducing operational costs.

### Applications:

- Checks/Direct Deposits
- Membership Cards
- Grade Reports
- Invoice & Statements
- Medical Reports
- PIN mailers
- Tax Forms
- Tax Bills
- Utility Bills
