The PSMailers product team introduces the *ISM II* Pressure Seal System. The *ISM II* is an out of the box solution providing for a quick setup, quiet operation, and offers user friendly controls returning the simplicity to mail processing. The *ISM II*'s innovative design offers an affordable desktop solution that seals as it folds pressure seal documents. Capable of processing up to 3,000 forms per hour, the *ISM II* incorporates bottom feed technology for continuous throughput increasing your organizations productivity, while reducing operational costs. This remarkable unit offers five standard fold patterns (Z, EZ, C, EC, and V), custom folds, and forms up to 14" in length including return envelope applications.

The PSMailers *ISM II* is completely manufactured in the United States and its durability and value are unmatched in the industry.
