The LMQ II Pressure Seal System is an integrated folder/sealer with a processing throughput of up to 5,000 forms per hour. The LMQ II's innovative design offers an affordable desktop solution to automate any organizations short run pressure seal applications.

The LMQ II is an out of the box solution providing for a quick setup, quiet operation, and offers user friendly controls returning the simplicity to mail processing.

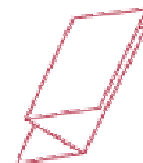

The LMQ II incorporates bottom feed technology for continuous throughput increasing your organizations productivity, while reducing operational costs. This remarkable unit offers five standard fold patterns (Z, EZ, C, EC, and V), custom folds, and forms up to 14" in length including return envelope applications.

The LMQ II is completely manufactured in the United States and its durability is unmatched in the industry.

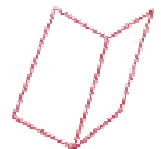

### Applications:

- Checks/Direct Deposits
- Collection Notices
- Grade Reports
- Invoice & Statements
- Medical Reports
